XXXI PANAMERICAN CONGRESS OF TRAUMA,
CRITICAL CARE AND EMERGENCY SURGERY &
XLIV CONGRESO NACIONAL AVANCES EN CIRUGIA
Agosto 15-17, 2018 Cartagena de Indias, Colombia

Dear exhibitors,

On behalf of the Panamerican Trauma Society (PTS) and the Asociación Colombiana de Cirugía de Trauma (ACC), we invite you to join us for the XXXI Congress of Trauma, Critical Care and Emergency Surgery and the XLIV Congreso Nacional de Avances en Cirugía. This meeting will take place from August 15 to 17 in Cartagena de Indias, Colombia.

The opportunities to support these important organizations dedicated to the scientific and educational trauma are many, and we hope that you take a few minutes to review the different options of exhibition spaces that we offer.

Your support is important and without it, the PTS cannot offer scientific sessions and cutting-edge educational courses, promote research, support the exchange of information and knowledge among physicians, and health personnel involved in the care of trauma patients in North, Central, and South America.

The PTS hopes for your collaboration and support to this scientific event that promises to be successful. Please review the brochure, you will find a package that meets your needs.

Sincerely,

PTS Program Committee

Sandro Rizoli, President

Thomas Scalea, Executive Director

Felipe Vega, President Elect

Esteban Foianini, Secretary-Treasurer

Michael Aboutanos, Past President

Carlos Ordonez, Past President

Sponsorship Levels, Benefits, and Value

PTS Sponsorships

Our sponsorship program gives organizations the opportunity to showcase their products and services while exchanging information with healthcare professionals and congress audience. The PTS offers areas for exhibits and displays at its Annual Meeting, and sponsors are encouraged to welcome attendees in the exhibit areas for discussion about their products and services.

The Audience

During the past annual meetings, the PTS has drawn an audience of 700-1000 physicians, nurses, pre-hospital providers, and other healthcare personnel who care for injured patients in North, Central, and South America. This audience is comprised of a significant number of influential health care administrators and faculty members from multiple countries.

This year in Colombia we are expecting those numbers to soar as it is a combined meeting with the Asociación Colombiana de Cirugía. The expectation is to have more than 2000 participants.

DIAMOND SPONSORSHIP OPPORTUNITY

BENEFITS:

- A large booth space (Approximately 16 m2)
- Acknowledgement on PTS website for six months
